

Bracknell – Farnborough – Wokingham or mobile tyre fitting service

If you have tyre problems or just need a quote please contact our friendly staff for free advice

[CONTACT US](#)

ABOUT US

ALS tyres started 15 years ago with one van. In the last 10 years it has gone from selling a few hundred tyres a month to many thousands of tyres and is growing fast. The business is a local family run firm currently employing 17 experienced tyre fitters across 4 garages in Bracknell, Bagshot, Farnborough and Wokingham.

Our prices are low because of our bulk buying power. We carry a large range of sizes and can supply and fit tyres to vehicles up to 7.5 tonnes.

All makes of premium brands are supplied as well as a budget range.

ALS tyres provides a friendly efficient tyre fitting service and offers a [mobile fitting](#) service at home or work for your convenience.

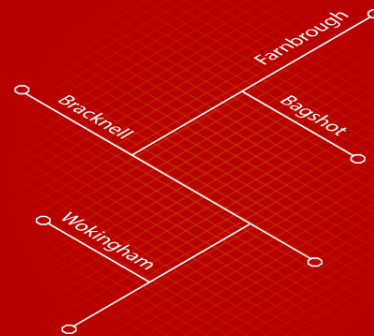

If you can't get to one of our garages; call our mobile service during normal working hours and one of our vans can be on site to assist you within a few hours.

We understand the impact that the huge number of tyres we replace each month can have on the environment, therefore all of our tyres are recycled in accordance with the Environmental Agency requirements.

GARAGES

Please drop in to one of our 4 garages for a free tyre safety check and advice.
